

UK ONCOLOGY FORUM 2022

ICC in Belfast

Thursday 16th and Friday 17th June 2022

FINAL PROGRAMME

This meeting is for UK Oncology NHS Healthcare Professionals only.

The UK Oncology Forum programme has been wholly designed by the UK Oncology Forum Faculty and session chairs. No sponsors have had any input in to the UKOF programme or the speaker/expert choices. The Faculty, chairs, and speakers of the UKOF have had no input or influence over Industry symposia. The UK Oncology Forum is ABPI & RCP compliant. CME will not be awarded to industry symposia. All HCPs must attend the required sessions to qualify for CME certificates of attendance. Patients and members of the public cannot attend, due to ABPI code and guidelines.

Industry Symposia will **NOT** be run parallel to the UKOF programme.

To receive your certificate of attendance for CPD points:

2022 UK Oncology Forum' (code: 140470) has been approved for 12 credits

- You must attend clinical sessions on both days
- You must attend the keynote opening and closing sessions
 - The RDC
 - On line 1 x clinical session available post conference (FOC to attendees who attended Belfast)

DAY ONE – THURSDAY 16TH JUNE 2022

TIME	SUBJECT		
10:30hrs ~ 12:00hrs	RDS – ALL WELCOME – HALL 2A, LEVEL 1		
	<p>This year the Oncology forum are proud to showcase the inaugural session highlighting Rapid Diagnostic Services (RDS) for patients with non-site specific symptoms (NSS). Patients with NSS (such as weight loss, fatigue or pain) generally do not fit standard two-week rule (2WW) referral criteria and often bounce around systems and take longer to get diagnosed and treated. Rapid Diagnostic Clinics (RDCs) provide a NSS 2WW referral route. These are being expanded across the Country with the aim of providing personalised, coordinated diagnostics to facilitate earlier cancer diagnosis and fast-track care. As well as reducing geographic differences in access to diagnostics. This session aims to bring primary care, diagnosticians, oncologists, radiologists, and nurse practitioners together to share experiences in the development of the RDS and combine thinking on future developments and innovation.</p> <p>Potential themes include:</p> <p>1. RDS OVERVIEW RDC referral processes, filter function tests, pathway, alignment with cancer waiting times. Clinical outcomes (present SEL RDC paper) with a focus on elderly, medically complex patients, and mental health.</p> <p>2. THE RDS/RE-DIRECT The vision - one referral, fluidity of care and improved patient journey. Process of re-directing patients between NSS and site specific (SS) pathways. Options of front and back-end redirects from other pathways Present SEL data on volume of re-referrals from SS 2WW pathways and evaluation of the SEL lower GI back end pathway Different models - ? involve greater Manchester team where they use the upfront re-directs. Ernie on the AOS focused RDC model</p> <p>3. SUSTAINABILITY AND SERVICE EXPANSION Overcoming health inequalities, NHSE typologies, workforce, financial effectiveness of the service</p> <p>4. INNOVATION Research opportunities, development, clinical trials</p>		
10:30hrs ~ 10:40hrs	Primary care perspectives	<p>The unmet clinical need for a NSS pathway - Case study - RCC 7 core triage tests Primary care expectations & involvement in developing the service</p>	Dr Anthony Cunliffe
10:40hrs ~ 11:20hrs	Typologies	<p>Oncology-medical model in South East London Clatterbridge model Primary care typologies Manchester approach</p>	<p>Dr Saoirse Dolly Dr Ernie Marshall Dr Abhijit Gill Roger Prudham, Rebecca Duggan</p>
11:20hrs ~ 11:25hrs	Questions		
11:25hrs ~ 11:35hrs	Sustainability and service expansion	<p>Aligning to CWT Geographic expansion Overcoming health inequalities Earlier faster diagnoses</p>	Geraint Jones
11:35hrs ~ 11:40hrs	Innovation	<p>Clinical trials Guy's academy RDC module</p>	Saoirse Dolly
11:40hrs ~ 12:00hrs	Round table discussion		

TIME	SUBJECT
10:00hrs ~ 11:30hrs	<p>NOTCH AGM – ALL WELCOME – CHAIR: MARK BAXTER - MEETING ROOM 2B, LEVEL 3</p> <p>10:00hrs ~ 10:20hrs Update and ongoing projects <i>Dr Mark Baxter, NOTCH Chair</i></p> <p>10:20hrs ~ 10:40hrs Immunotherapy in patients with pre-existing AID <i>Dr Anna Olsson-Brown</i> <i>Consultant Medical Oncologist</i></p> <p>10:40hrs ~ 11:00hrs Meningioma data <i>Dr Caroline Dobeson</i> <i>Clinical Oncology Registrar</i></p> <p>11:00hrs Discussion <i>All</i></p>
10:00hrs ~ 12:00hrs	<p>UKONS FRINGE MEETING – ALL WELCOME - MEETING ROOM 1B, LEVEL 3</p> <p>THE ASPIRING CANCER CAREER AND EDUCATION DEVELOPMENT (ACCEnD) PROGRAMME WORKSHOP – CHAIR: RUTH HAMMOND</p> <p>Aspirant Cancer Career and ACCEnD – delivered by a team from UKONS Education Development programme</p> <p>The Aspirant Cancer Career and Education Development programme (ACCEnD) will provide transformational reform in the education, training and career pathways for nurses and AHP’s supporting people affected by cancer.</p> <p>The ACCEnD programme provides guidance on the knowledge, skills and capabilities required by all nurses and allied health professionals who care for people living with cancer in generalist and specialist cancer services and roles as part of multi-professional teams across the four UK nations.</p> <p>Speakers: <i>Libby Potter, Dr Verna Lavender, Mark Foulkes</i></p>
10:30hrs ~ 11:45hrs	SIOG – (MEMBERS ONLY) - MEETING ROOM 2A, LEVEL 3
11:45hrs ~ 12:45hrs	NOVARTIS PLATINUM SPONSOR BREAST SYMPOSIUM (CME NOT AWARED TO INDUSTRY SYMPOSIA) HALL 1D, LEVEL 1
12:00hrs ~ 12:55hrs	HALL 1A&B – LUNCH & REFERESHMENTS IN EXHIBITION HALL (PLEASE VISIT THE STANDS)
13:00hrs ~ 13:05hrs	UKOF OPENS ~ WELCOME & INTRODUCTION – CHAIR: PROFESSOR RUTH PLUMMER MBE- MAIN AUDITORIUM
13:05hrs ~ 14:00hrs	OPENING KEYNOTE SPEAKER – DR MATTHEW KREBS. CLINICAL SENIOR LECTURER IN EXPERIMENTAL CANCER MEDICINE AND HONORARY CONSULTANT IN MEDICAL ONCOLOGY AT THE CHRISTIE - MAIN AUDITORIUM ‘State-of-the-art Precision Medicine in the UK’

TIME	SUBJECT	
14:00hrs ~ 14:25hrs	HALL 1A&B – REFRESHMENT BREAK IN EXHIBITION HALL (PLEASE VISIT THE STANDS)	
14:30hrs ~ 17:00hrs	ACUTE ONCOLOGY BREAKOUT - CHAIR: DR ERNIE MARSHALL – HALL 2A, LEVEL 1	
	<i>Acute Oncology Phase II – Reducing Emergency Admissions</i>	
	Cancer patients are high users of urgent care and are more likely to be conveyed to hospital and to be admitted via ED as compared to non-cancer patients. Unplanned care is associated with poor patient and professional experience and ED remains the only option for too many cancer patients. Acute Oncology has transformed inpatient cancer emergency care in the past 10 years but moving forward, Acute Oncology services need to remain relevant to patients and the changing landscape of urgent care. Oncology services need to help shape the future and understand the opportunity. The UKOF Acute Oncology session will showcase innovation and service change in urgent care, highlighting the progress and service change in Metastatic spinal cord compression, hospital same day emergency care, community outreach, and digital tele monitoring. The critical role of cancer hotlines and proactive site specific oncology care will be pivotal to this progress.	
14:30hrs ~ 14:40hrs	Welcome and introduction - The evolving world of Acute Oncology	<i>Dr Ernie Marshall</i>
14:40hrs ~ 15:00hrs	Urgent Care Transformation – what does Cancer fit?	<i>Dr Fiona Wisniacki</i>
15:00hrs ~ 15:20hrs	Taking Acute Oncology into community: lessons from Hospital at Home	<i>Professor Daniel Lasserson</i>
15:20hrs ~ 15:40hrs	Metastatic Spinal Cord Compression – a real world picture	<i>Dr Andy Viggars</i>
15:40hrs ~ 15:50hrs	HALL 1A&B - Refreshment Break in Exhibition Hall (PLEASE VISIT STANDS)	
15:50hrs ~ 16:05hrs	Reducing Emergency presentation in Cancer– lessons from a Rapid Diagnostic Centre	<i>Dr Saoirse Dolly</i>
16:05hrs ~ 16:25hrs	Cancer Hotlines – past, present & future?	<i>Ms Naomi Clatworthy</i>
16:25hrs ~ 16:45hrs	Digital health & Telemonitoring, the art of the possible. Lessons from Chronic Disease management:	<i>Dr Rosie Kaur</i>
16:45hrs ~ 16:55hrs	Panel Q and A session	<i>All</i>
16:55hrs ~ 17:00hrs	Summary and closure	<i>Dr Ernie Marshall</i>

TIME	SUBJECT
14:30hrs ~ 17:20hrs	BREAST BREAKOUT – CHAIRS: DR MARINA PARTON & DR MARK VERRILL – HALL 1D, LEVEL 1
	In this outstanding breast cancer session have something for the entire multidisciplinary team; from the latest presented data at ASCO to contentious issues in the standard of care therapy in systemic and local treatments. We look at the up-to-date management of breast cancer during pregnancy, as well as where we are, and what we have achieved in offering the best of breast cancer therapy nationally to all of our patients. We will end with a series of grey cases to stretch our panellists (and also your) diagnostic and therapeutic skills on some complex cases.
14:30hrs ~ 14:35hrs	Welcome and introduction <i>Dr Marina Parton & Dr Mark Verrill</i>
14:35hrs ~ 14:55hrs	Real-world data: what can we learn from collaborative research? <i>Mr Stuart McIntosh</i>
14:55hrs ~ 15:05hrs	Panel Q and A session <i>All speakers and Chair</i>
15:05hrs ~ 15:30hrs	ASCO Breast Update & Insights <i>Dr Hartmut Kristeleit</i>
15:30hrs ~ 15:50hrs	Three controversies in radiotherapy for breast cancer <i>Professor David Dodwell</i>
15:50hrs ~ 16:00hrs	Panel Q and A session <i>All speakers and Chair</i>
16:00hrs ~ 16:05hrs	HALL 1A&B - Refreshment Break in Exhibition Hall <i>All</i>
16:05hrs ~ 16:30hrs	Neoadjuvant chemotherapy-when to and sometimes when not <i>Professor Christian Jackisch</i>
16:30hrs ~ 16:40hrs	Panel Q and A session <i>All speakers and Chair</i>
16:40hrs ~ 16:55hrs	Breast Cancer in pregnancy - a consensus approach <i>Dr Anne Armstrong</i>
16:55hrs ~ 17:15hrs	Case presentation & panel discussion <i>All panel</i>
17:15hrs ~ 17:20hrs	Summary and closure <i>Dr Marina Parton & Dr Mark Verrill</i>

TIME	SUBJECT		
14:30hrs ~ 16:55hrs	COLORECTAL BREAKOUT – CHAIR: DR VICKY COYLE – MEETING ROOM 3B, LEVEL 3		
	14:30hrs ~ 14:35hrs	Welcome and introduction	<i>Dr Vicky Coyle</i>
	14:35hrs ~ 15:00hrs	Highlights of ASCO	<i>Professor Richard Wilson</i>
	15:00hrs ~ 15:30hrs	Interventional radiological management of metastatic disease	<i>Dr Richard Lindsay</i>
	15:30hrs ~ 16:00hrs	HALL 1A&B - Refreshment Break in Exhibition Hall (PLEASE VISIT STANDS)	<i>All</i>
	15:30hrs ~ 16:00hrs	Surgical management update	<i>Mr Campbell Roxborough</i>
	16:00hrs ~ 16:30hrs	Systemic therapy for advanced CRC - beyond chemotherapy	<i>Dr Sheela Rao</i>
	16:30hrs ~ 16:50hrs	Panel Q and A session	<i>All faculty</i>
	16:50hrs ~ 16:55hrs	Summary and closure	<i>Dr Vicky Coyle</i>

TIME	SUBJECT	
14:30hrs ~ 16:55	GYNAECOLOGY – CHAIR: DR MARCIA HALL, MEETING ROOM 1A, LEVEL 3	
	Introduction to the IOTA guidance for ovarian masses, updates for jobbing clinicians in other areas of gynae-radiology with emphasis on progress in ovarian cancer	
	Learn and understand a little more about the secrets of brachytherapy in gynae cancers (uterus and cervix) – practicalities, benefits / risks	
	Better understanding of frictions/support required between GI and gynae surgeons in the surgical management of ovarian cancer patients	
	BRCA, HRD and other genetic acronyms to understand to optimize your management of ovarian cancer patients	
	Short update on ASCO gynae headlines (cervix)	
14:30hrs ~ 14:35hrs	Welcome and Introductions	<i>Dr Marcia Hall (Chair)</i>
14:35hrs ~ 15:00hrs	Radiology in gynae cancers	<i>Dr Nishat Bharwani (Virtual)</i>
15:00hrs ~ 15:05hrs	Panel Q and A session	<i>All faculty</i>
15:05hrs ~ 15:30hrs	Brachytherapy for gynae cancers. How is it done - cervix and uterus? Side effects of vaginal brachytherapy and FU, likely outcomes, other gynae related brachytherapy possibilities	<i>Professor Peter Hoskin</i>
15:30hrs ~ 15:35hrs	Panel Q and A session	<i>All faculty</i>
15:35hrs ~ 16:00hrs	Surgical view on bowel resection required during gynae surgery for ovarian cancer – should this be undertaken by colorectal/general surgeons and not gynaecologists?	<i>Miss Kirsten Boyle (Leicester)</i>
16:00hrs ~ 16:05hrs	Panel Q and A session	<i>All faculty</i>
16:05hrs ~ 16:30hrs	PARPi dilemmas and untangling HRD/GIS/BRCA results 1	<i>Dr Rowan Miller</i>
16:35hrs ~ 16:50hrs	ASCO highlights	<i>Dr Marcia Hall</i>
16:50hrs ~ 17:00hrs	Panel Q and A session	<i>Panel discussion</i>
17:00hrs ~ 17:05hrs	Summary and closure	<i>Dr Marcia Hall (Chair)</i>

TIME	SUBJECT		
14:30hrs ~ 16:50hrs	HEAD & NECK BREAKOUT – CHAIR: DR CHARLES KELLY – BOARD ROOM 3, LEVEL 2		
	14:30hrs ~ 14:35hrs	Welcome and introduction	<i>Dr Charles Kelly</i>
	14:35hrs ~ 15:00hrs	Innovations in Salivary Cancers	<i>Dr Rob Metcalf</i>
	15:00hrs ~ 15:30hrs	Salvage surgery for Head and Neck cancers: current perspectives	<i>Professor Vinidhn Paleri</i>
	15:30hrs ~ 15:40hrs	Panel Q and A session	<i>Dr Charles Kelly & Dr Rob Metcalf</i>
	15:40hrs ~ 16:10hrs	Re-irradiation of Head and Neck tumor: when to and when not to	<i>Professor Vincent Gregoire</i>
	16:10hrs ~ 16:30hrs	HALL 1A&B - Refreshment Break in Exhibition Hall (PLEASE VISIT STANDS)	<i>All</i>
	16:30hrs ~ 16:45hrs	Panel Q and A session	<i>All</i>
	16:45hrs ~ 16:50hrs	Summary & Closure	<i>Dr Charles Kelly</i>
14:30hrs ~ 16:50hrs	LIVER & PANCREATIC BREAKOUT – CHAIR: MS ANITA BALAKRISHNAN – BOARD ROOM 1, LEVEL 2		
	14:30hrs ~ 14:35hrs	Welcome and introduction	<i>Ms Anita Balakrishnan</i>
	14:35hrs ~ 15:05hrs	The case for radiotherapy in the management of borderline resectable and locally advanced pancreatic cancer	<i>Dr John Ng (Virtually)</i>
	15:05hrs ~ 15:35hrs	Management of hilar cholangiocarcinoma - improving perioperative and oncological outcomes	<i>Prof Thomas van Gulik, Amsterdam, UMC</i>
	15:35hrs ~ 15:50hrs	HALL 1A&B - Refreshment Break in Exhibition Hall (PLEASE VISIT STANDS)	<i>All</i>
	15:50hrs: 16:20hrs	Assessment and management of pre-malignant pancreatic cystic lesions	<i>Dr Giovanni Marchegiani</i>
	16:20hrs ~ 16:45hrs	Panel Q and A session	<i>All</i>
	16:45hrs ~ 16:50hrs	Summary & Closure	<i>Ms Anita Balakrishnan</i>

TIME	SUBJECT		
14:30hrs ~ 17:05hrs	LUNG BREAKOUT – CHAIR: PROFESSOR GERRY HANNA – MEETING ROOM 1B, LEVEL 3		
	14:30hrs ~ 14:35hrs	Welcome and introduction	<i>Professor Gerry Hanna</i>
	14:35hrs ~ 15:00hrs	Standard of care in oncogene mutated lung cancer	<i>Professor Jarushka Naidoo</i>
	15:00hrs ~ 15:25hrs	Treatment of oligometastatic and oligoprogressive NSCLC: is radiotherapy now the standard of care?	<i>Dr Fiona McDonald</i>
	15:25hrs ~ 15:45hrs	HALL 1A&B - Refreshment Break in Exhibition Hall (PLEASE VISIT STANDS)	<i>All</i>
	15:45hrs ~ 16:15hrs	Immunotherapy in Early Stage Lung Cancer	<i>Dr Riyaz Shah</i>
	16:15hrs ~ 16:30hrs	Grey Cases	<i>Dr Gerrard Walls</i>
	16:30hrs ~ 16:55hrs	Panel Q and A session	<i>All</i>
	16:55hrs ~ 17:05hrs	Summary & Closure	<i>Professor Gerry Hanna</i>

TIME	SUBJECT
14:30hrs ~ 17:15hrs	MELANOMA BREAKOUT – CHAIR: DR PIPPA G CORRIE – MEETING ROOM 3A, LEVEL 3
	Evolving melanoma management in 2022 In this session, we will review the latest step changes in improving outcomes being achieved with modern and evolving systemic therapy for patients with metastatic melanoma as well as those with resected disease at high risk of recurrence. In the light of these new treatments, we will consider the changing role of the surgeons – what procedures wont they be doing and what new opportunities are there for them to work hand in hand with oncologists, for example in the neoadjuvant setting? Finally, detecting disease early is key to the success of our interventions, so we will review latest advice on how to survey our patients and debate optimal methodologies for BRAF mutation testing.
14:30hrs ~ 14:35hrs	Welcome and introduction <i>Dr Pippa Corrie</i>
14:35hrs ~ 15:00hrs	What is the optimal first line treatment for metastatic melanoma in 2022? <i>Professor Mario Mandalà</i>
15:00hrs ~ 15:25hrs	Optimal adjuvant therapy for resected stage II-IV melanoma <i>Dr Brent O’Carrigan</i>
15:25hrs ~ 15:50hrs	Sentinel lymph nodes - a thing of the past? <i>Professor Rowan Pritchard-Jones (Virtually)</i>
15:50hrs ~ 16:15hrs	How to survey our patients <i>Dr Avinash Gupta (Virtually)</i>
16:15hrs ~ 16:30hrs	HALL 1A&B - Refreshment Break in Exhibition Hall (PLEASE VISIT STANDS) <i>All</i>
16:30hrs ~ 16:55hrs	PANEL DEBATE BRAF: is Immunohistochemistry an acceptable alternative to gene mutation testing? <i>All speakers and Chair</i>
16:55hrs ~ 17:05hrs	Panel Q and A session <i>All</i>
17:05hrs ~ 17:15hrs	Summary and closure <i>Dr Pippa Corrie</i>

TIME	SUBJECT
14:30hrs ~ 17:00hrs	PROSTATE BREAKOUT – CHAIR: PROFESSOR NICK VAN AS – MEETING ROOM 2B, LEVEL 3
	<p>Recurrent prostate cancer: “let’s think out of the box”</p> <p>Despite the improvements in radical treatment for prostate cancer recurrence after primary treatment is unfortunately not uncommon. Relapse rates following surgery range from 10-40% and 5-year biochemical relapse rates for low, intermediate and high-risk prostate cancer have been reported at 10-15%, 20-25% and 30-40% respectively following radical radiotherapy. Treatments for relapsed disease have improved significantly in the last 10 years and patients are living longer. There are however still multiple areas of uncertainty and complex decisions affecting both survival and quality of life. We will explore the role of local and metastasis directed therapy, novel systemic therapy, the role of imaging in decision making and the impact treatments can have on quality of life, particularly sexual function.</p>
14:30hrs ~ 14:35hrs	Welcome and introduction <i>Professor Nick Van As</i>
14:35hrs ~ 15:00hrs	Myth busting in recurrent prostate cancer <i>Professor Barbara Jerezek-Fossa</i>
15:00hrs ~ 15:25hrs	When recurrent prostate cancer gets serious- radiation goes molecular <i>Professor Joe O’Sullivan</i>
15:25hrs ~ 15:45hrs	HALL 1A&B - Refreshment Break in Exhibition Hall (PLEASE VISIT STANDS) <i>All</i>
15:45hrs ~ 16:10hrs	Optimising quality of life for men on long term androgen suppression <i>Dr Pippa Sangster, UCL</i>
16:10hrs ~ 16:35hrs	Managing biochemical failure after surgery - who, when, where, what is the standard of care? <i>Dr Yae-Eun Suh</i>
16:35hrs ~ 16:55hrs	Panel Q and A session <i>All</i>
16:55hrs ~ 17:00hrs	Summary and closure <i>Professor Nick Van As</i>

TIME	SUBJECT
14:30hrs ~ 17:00hrs	RENAL BREAKOUT – CHAIR: DR LISA PICKERING –MEETING ROOM 2A, LEVEL 3
	<i>‘An expert panel will discuss new data and current challenges in the management of advanced renal cell carcinoma, put this into context for clinical practice in 2022 and look ahead to the expected future developments’</i>
14:30hrs ~ 14:40hrs	Welcome and introduction <i>Dr Lisa Pickering</i>
14:40hrs ~ 15:00hrs	Update and controversies in first line therapy of metastatic RCC <i>Dr Sarah Rudman</i>
15:00hrs ~ 15:20hrs	Optimising therapy: Current options beyond first line and upcoming developments <i>Dr Tom Waddell</i>
15:20hrs ~ 15:40hrs	Effective toxicity management in an era of increasingly complex therapies <i>Dr Kate Young</i>
15:40hrs ~ 15:50hrs	Panel Q and A session 1 <i>All faculty</i>
15:50hrs ~ 16:05hrs	HALL 1A&B - Refreshment Break in Exhibition Hall (PLEASE VISIT STANDS) <i>All</i>
16:05hrs ~ 16:25hrs	Is there still a role for surgery in advanced disease? <i>Professor Axel Bex</i>
16:25hrs ~ 16:45hrs	Will the emergence of adjuvant therapy affect our treatment of advanced disease? <i>Dr Lisa Pickering</i>
16:45hrs ~ 16:55hrs	Panel Q and A session 2 <i>All faculty</i>
16:55hrs ~ 17:00hrs	Summary and closure <i>Dr Lisa Pickering</i>

TIME	SUBJECT
14:30hrs ~ 17:15hrs	TREATING THE OLDER CANCER PATIENT BREAKOUT - CHAIR: PROFESSOR KWOK-LEUNG CHEUNG – HALL 2B, LEVEL 1
14:30hrs ~ 14:35hrs	Welcome and introduction <i>Professor Kwok-Leung Cheung</i>
14:35hrs ~ 14:55hrs	Practice-changing trials – GO2 trial <i>Dr Jessica Pearce</i>
14:55hrs ~ 15:15hrs	Practice-changing trials – Bridging the Age Gap study <i>Miss Jenna Morgan</i>
15:15hrs ~ 15:35hrs	ASCO updates <i>Dr Antonella Brunello</i>
15:35hrs ~ 15:50hrs	Panel Q and A session <i>All faculty</i>
15:50hrs ~ 16:00hrs	HALL 1A&B - Refreshment Break in Exhibition Hall (PLEASE VISIT STANDS)
16:00hrs ~ 16:20hrs	Clinical frailty and systemic anticancer treatment in Northern Ireland <i>Dr Conor O'Neill</i>
16:20hrs ~ 16:40hrs	Prehabilitation project in ovarian Cancer <i>Dr Stephen Dobbs</i>
16:40hrs ~ 17:00hrs	Prehabilitation project in oesophageal cancer <i>Grace Garvey</i>
17:00hrs ~ 17:10hrs	Panel Q and A session <i>All faculty</i>
17:10hrs ~ 17:15hrs	Summary and closure <i>Professor Kwok-Leung Cheung</i>
17:30hrs ~ 18:45hrs	QUESTION TIME – CHAIR PROFESSOR DANIEL HOCHHAUSER Panel: DR CLIVE PEEDELL, MARIE LOUISE CONNOLLY
19:30hrs ~ 22:00hrs	Networking in Cityside Concourse followed by complimentary conference dinner in Hall 2 <i>(please note soft drinks only, cash bar for wine, beer & spirits)</i>

DAY TWO – FRIDAY 17TH JUNE 2022

TIME	SUBJECT
08:00hrs ~ 08:45hrs	SEAGEN BREAST SPONSORED SYMPOSIUM (CME NOT AWARDED TO INDUSTRY SYMPOSIA) – MEETING ROOM 1A, LEVEL 3
08:00hrs ~ 08:45hrs	BMS GASTROINTESTINAL SPONSORED SYMPOSIUM (CME NOT AWARDED TO INDUSTRY SYMPOSIA) – MEETING ROOM 2A, LEVEL 3
08:00hrs ~ 08:45hrs	BAYER PROSTATE SPONSORED SYMPOSIUM (CME NOT AWARDED TO INDUSTRY SYMPOSIA) – MEETING ROOM 2B, LEVEL 3
08:00hrs ~ 08:55hrs	EXHIBITION HALL (PLEASE VISIT THE STANDS) – breakfast & refreshments
09:00hrs ~ 11:55hrs	ACUTE ONCOLOGY BREAKOUT - CHAIR: DR ERNIE MARSHALL – HALL 2A, LEVEL 1
	<p><i>Acute Oncology Phase II – Reducing Emergency Admissions</i></p> <p>Cancer patients are high users of urgent care and are more likely to be conveyed to hospital and to be admitted via ED as compared to non-cancer patients. Unplanned care is associated with poor patient and professional experience and ED remains the only option for too many cancer patients. Acute Oncology has transformed inpatient cancer emergency care in the past 10 years but moving forward, Acute Oncology services need to remain relevant to patients and the changing landscape of urgent care. Oncology services need to help shape the future and understand the opportunity. The UKOF Acute Oncology session will showcase innovation and service change in urgent care, highlighting the progress and service change in Metastatic spinal cord compression, hospital same day emergency care, community outreach, and digital tele monitoring. The critical role of cancer hotlines and proactive site specific oncology care will be pivotal to this progress.</p>
09:00hrs ~ 09:05hrs	Welcome and introduction - The evolving world of Acute Oncology <i>Dr Ernie Marshall</i>
09:05hrs ~ 09:30hrs	Urgent Care Transformation – what does Cancer fit? <i>Dr Fiona Wisniacki</i>
09:30hrs ~ 09:55hrs	Taking Acute Oncology into community: lessons from Hospital at Home <i>Professor Daniel Lasserson</i>
09:55hrs~ 10:20hrs	Metastatic Spinal Cord Compression – a real world picture <i>Dr Andy Viggars</i>
10:20hrs ~ 10:30hrs	HALL 1A&B - Refreshment Break in Exhibition Hall (PLEASE VISIT STANDS)
10:30hrs ~ 10:55hrs	Reducing Emergency presentation in Cancer– lessons from a Rapid Diagnostic Centre <i>Dr Saoirse Dolly</i>
10:55hrs ~ 11:20hrs	Cancer Hotlines – past, present & future Ali Hodges UKONS to be confirmed? <i>Ms Naomi Clatworthy</i>
11:20hrs ~ 11:45hrs	Digital health & Telemonitoring, the art of the possible. Lessons from Chronic Disease management: <i>Dr Rosie Kaur</i>
11:45hrs ~ 11:50hrs	Panel Q and A session <i>All</i>
11:50hrs ~ 11:55hrs	Summary and closure <i>Dr Ernie Marshall</i>

TIME	SUBJECT
09:00hrs ~ 11:55hrs	BASO SURGICAL SESSION BREAKOUT - CHAIRS: MR ZAED HAMADY & DR FIONA EATOCK BOARD ROOM 1, LEVEL 2
	Title: Interphase role of Surgery in cancer care Synopsis: UK oncology forum offers a series of stimulating surgical session, delivered by pioneering speakers. Content is catered to hot topics in surgical oncology making it unmissable to anyone working in cancer care.
09:00hrs ~ 09:05hrs	Welcome and introduction <i>Mr Zaed Hamady & Dr Fiona Eatock</i>
09:05hrs ~ 09:35hrs	The management of oligometastatic liver disease <i>Miss Claire Jones</i>
09:35hrs ~ 09:40hrs	Panel Q and A session <i>All</i>
09:40hrs ~ 10:10hrs	Optimising quality of life AND length of life in breast cancer surgery <i>Professor Lynda Wyld</i>
10:00hrs ~ 10:15hrs	Panel Q and A session <i>All</i>
10:15hrs ~ 10:45hrs	Improving surgical outcomes after neoadjuvant therapy – a team game? <i>Mr Stuart McIntosh</i>
10:45hrs ~ 10:50hrs	Panel Q and A session <i>All</i>
10:50hrs ~ 11:05hrs	HALL 1A&B - Refreshment Break in Exhibition Hall (PLEASE VISIT STANDS) <i>All</i>
11:05hrs ~ 11:40hrs	Keynote Speaker <i>Professor Domenico D'Ugo</i>
11:40hrs ~ 11:45hrs	Panel Q and A session <i>All</i>
11:45hrs ~ 11:55hrs	Summary and closure <i>Mr Zaed Hamady & Dr Fiona Eatock</i>

TIME	SUBJECT
09:00hrs ~ 11:50hrs	BLADDER BREAKOUT – CHAIRS: PROFESSOR PETER HOSKIN & PROFESSOR ANANYA CHOUDHURY MEETING ROOM 1A, LEVEL 3
	<p>Bladder cancer: new horizons and changing paradigms</p> <p>This session will offer new insights for all those undertaking care of patients with bladder cancer. We will explore new horizons in the use of systemic treatment in the perioperative and metastatic setting including the future of immunotherapy in this disease. Rarer variants of bladder cancer will be discussed alongside the common urothelial cancer. New paradigms are emerging in the management of oligometastatic disease with the acceptance that ablative treatment has a role. In bladder cancer this is not so well established, and this will be discussed further in this session to complete a comprehensive update of the management of bladder cancer in 2022.</p>
09:00hrs ~ 09:05hrs	Welcome and introduction <i>Professor Peter Hoskin & Professor Ananya Choudhury</i>
09:05hrs ~ 09:35hrs	"Perioperative systemic therapy - chemo, immuno or nothing? The surgeon's perspective" <i>Ms Alex Colquhoun</i>

11:40hrs ~ 11:50hrs	Summary and closure <i>Professor Peter Hoskin & Professor Ananya Choudhury</i>

TIME	SUBJECT
09:00hrs ~ 11:55hrs	FUTURE CANCER PATHWAY 2037 BREAKOUT -CHAIR : DR RICHARD SIMCOCK – MEETING ROOM 1B – LEVEL 3
	<p data-bbox="674 175 1503 207"><i>What will cancer care look like 15 years from now?</i></p> <p data-bbox="674 220 1503 384">With endless innovation from digital through to AI, precision medicine and genomics it is inevitable that we will be offering some people living with cancer a treatment pathway that looks different to the one we know today.</p> <p data-bbox="674 400 1503 564">At the same time it is likely that many of the issues that we are well aware of today; workforce, time and money will still be persistent pressures. Macmillan want to ensure that everyone with cancer is able to live life as fully as they can, both now and in the future.</p> <p data-bbox="674 624 1503 836">In this session Dr Richard Simcock, National Clinical Advisor for Macmillan Cancer Support will outline some of the horizon scanning and patient pathways that might become a reality with promises and pitfalls. Macmillan will also use the session to understand how delegates at Oncology Forum think of the future cancer pathways.</p> <p data-bbox="674 895 1503 962">Please feel free to share this with colleagues from other networks and committees.</p>

*Dr Richard Simcock
National Clinical Advisor
for Macmillan Cancer*

TIME	SUBJECT		
09:00hrs ~ 11:50hrs	RADIOTHERAPY BREAKOUT - CHAIR: PROFESSOR GERRY HANNA – MEETING ROOM 2B, LEVEL 3		
09:00hrs ~ 09:05hrs	Welcome and introduction		<i>Professor Gerry Hanna</i>
09:05hrs ~ 09:30hrs	SABR in UK: CtE and Beyond		<i>Professor Nick Van As</i>
09:30hrs ~ 09:35hrs	Panel Q and A session		<i>All</i>
09:35hrs ~ 10:00hrs	SBRT for polymetastatic disease including induced OMD (HALT)		<i>Professor Matthias Guckenberger (Virtual)</i>
10:00hrs ~ 10:05hrs	Panel Q and A session		<i>All</i>
10:05hrs ~ 10:30hrs	Should Colleague Peer Review be the standard of Care in Radiotherapy Planning? (Including illustrative cases)		<i>Dr Petra Jankowska</i>

11:40hrs ~ 11:50hrs	Summary and closure <i>Dr Charles Kelly (Chair)</i>

09:00hrs ~ 11:45hrs	UKONS BREAKOUT – CHAIR: MARK FOULKES – MEETING ROOM 3B, LEVEL 3		
	<p>Title: Online learning to improve personalised care planning for people with cancer</p> <p>Outline: This session will present an overview of and findings from the Macmillan Cancer Support funded InDEPTH project to develop and evaluate patient-healthcare professional co-designed online learning on the completion of care and support plans and support the development of cancer care staff by increasing the capability of the workforce to undertake personalised care planning. The presentation will include outcomes for patients with personalised care plans, challenges to creating care plans with patients in practice, staff learning needs and evaluation of the online learning course.</p>		
	09:00hrs ~ 09:15hrs	Welcome & Introduction	<i>Mark Foulkes</i>
	09:15hrs ~ 10:30hrs	Co-producing and implementing person-centred nursing key performance indicators in ambulatory cancer care	<i>Professor Tanya McCance</i>
	10:30hrs ~10:45hrs	HALL 1A&B - Refreshment Break in Exhibition Hall (PLEASE VISIT STANDS)	<i>All</i>
	10:45hrs ~ 11:30hrs	Online education to improve personalised care and support planning	<i>Dr Verna Lavender</i>
	11:30hrs ~ 11:40hrs	Panel Q and A session	<i>All faculty</i>
	11:40hrs ~ 11:45hrs	Summary and closure	<i>Mark Foulkes</i>

TIME	SUBJECT	
09:00hrs ~ 11:55hrs	UPPER GI BREAKOUT - CHAIRS: PROFESSOR RUSSELL PETTY & DR JANET GRAHAM – MEETING ROOM 2A, LEVEL 3	
	<p>Title: Understanding new trial data to find the best treatments for upper GI patients.</p> <p>Synopsis: we will focus on the peri operative setting and have a debate style discussion between clinical oncology, medical oncology and surgical oncology focussing on the various treatment choices now available for this patient group. We then have a keynote talk from Prof Andre about the NEONIPIGIA trial and the potential that immunotherapy has in this setting. After that we will have an update on upper gi topics from ASCO 2022 and then to round off the session and reinforce all our learning we will use some case based discussions which have been prepared by trainees working in upper gi.</p> <p>Clinical objectives</p> <p>To understand the trials that underpin the treatments we can offer to peri operative patients and the pro's and con's of each.</p> <p>To understand the potential of immunotherapy in the peri operative setting the importance of MSI testing.</p> <p>To be updated on any new data from ASCO 2022 that could influence our future practice and the patients that we treat.</p>	
09:00hrs ~ 09:05hrs	Welcome and introduction	<i>Professor Russell Petty & Dr Janet Graham</i>
09:05hrs ~ 10:05hrs	Optimising Peri-operative treatment of gastroesophageal adenocarcinomas- who, with what and do we need post - operative treatment?	<p>CLINICAL ONCOLOGY VIEWPOINT</p> <p><i>Professor Somnath Mukerjee</i></p> <p>University of Oxford</p> <p>MEDICAL ONCOLOGY VIEWPOINT</p> <p><i>Professor Was Mansoor</i></p> <p>The Christie and University of Manchester</p> <p>SURGICAL ONCOLOGY VIEWPOINT</p> <p><i>Professor Tim Underwood</i></p> <p>University of Southampton</p>
10:05hrs ~ 10:50hrs	Moving towards chemotherapy free treatment for gastroesophageal cancers and update on the NEONIPIGIA trial	<p><i>Professor Thierry André (Virtually)</i></p> <p>Professor of Medical Oncology</p> <p>Sorbonne University and Head of the Medical Oncology department at Saint-Antoine Hospital</p>
10:50hrs ~ 11:05hrs	HALL 1A&B - Refreshment Break in Exhibition Hall (PLEASE VISIT STANDS) (PLEASE VISIT STANDS)	All
